

FPP CAMP FRIENDSHIP

Week 4- July 6-10

FAIRY TALE STEAM QUEST

Once upon a time... innovation began!

Classic fairytales meet hands-on STEAM learning as campers design and build pig houses, bridges for trolls, and chairs fit for bears. Through storytelling, art, and engineering challenges, children will problem-solve, imagine, and create magical structures together.

FUN FRIDAY – FAIRY TALE BOUNCE AND BUILDING

Little Leonardos- Fairy Tale Studio- World Builders for little creators

This week, instead of only fixing problems, campers will redesign the fairy-tale world itself — its spaces, tools, textures, sounds, and movement—using art, sensory exploration, and light engineering.

Camp 9am - 1pm - Little Leo's 1pm - 3pm
