

FPP CAMP FRIENDSHIP

Week 5- July 13 - 17

A BOUNTIFUL SUMMER

Dig in and grow!

What's growing in Atlanta? Campers will explore fruits, vegetables, flowers, trees, and plants through gardening, nature walks, and sensory exploration. This week encourages curiosity about the natural world and how we care for living things around us.

Little Leonardo's - Food Fun

Food and art come together in this playful preschool camp! Children will explore food-themed creativity by experimenting with natural materials, creating art pieces inspired by food, and possibly even making their own paints. This week is all about sensory exploration, imagination, and hands-on fun!

Camp 9am - 1pm - Little Leo's 1pm - 3pm
